Erica,

WOW! You are such a good researcher! Thank you for reminding us that we actually have a long history and have done quite a lot of work in the socio-economic field, which we should have made TAC members be more aware yesterday (Tom did mentioned the Coastal Conservancy funded data gaps analysis as I recall).

Also, thank you again for participating in the meeting. Sorry for not letting know for sure until the last minute. I hope you find the meeting's discussion interesting and informative.

Tom and Guangyu,

These could be of use in socio-econ discussions.
